<b>Infrastructure as a Service - Environmental Intelligence, LLC primary proprietary Cloud infrastructure data center is located in Texas, and the secondary "geographic redundant" Cloud infrastructure data center is located in Georgia. Environmental Intelligence, LLC maintains partnerships with a network of colocation data centers throughout the continental United States to service customers requiring off-premise Hybrid and Private Cloud IaaS solutions.</b>				
<b>Environmental Intelligence provides Level 1 Help Desk Support at no additional charge. Level 1 Help Desk Support provides basic support for general questions related to the cloud interface, cloud availability, and cloud billing. Hours of Operation are from 8:00am to 5:00pm (Central Time), Monday - Friday, excluding Weekends and Holidays. Additional Help Desk services available based on customer requirements. Help desk support to customers with all support staff based in the continental United States. Environmental Intelligence, LLC attests that no Cloud IaaS solutions will ever be hosted, managed, or supported outside the continental United States.</b>
